

JATIN SHARMA

ASPIRING FULL-STACK DEVELOPER

Kolkata, India • 8777720681 • jatin.sharma062007@gmail.com • [Portfolio](#) • [LinkedIn](#) • [GitHub](#)

SUMMARY

Aspiring Full-Stack Developer with hands-on experience building practical web applications using Python, Flask, JavaScript, PostgreSQL, and modern frontend technologies. Experienced across 15+ hackathons, collaborative team projects, and open-source development, with a focus on user-focused solutions, maintainable code, and continuous learning.

EXPERIENCE

AI Web Developer Intern — InAmigos Foundation

Aug 2026 – Sep 2026

- Developed and refined web experiences using AI-assisted and no-code development workflows.
- Designed a responsive profile website with a focus on modern UI/UX, usability, and visual consistency.
- Worked on AI-driven digital solutions, incorporated feedback, and delivered assigned work within deadlines.

PROJECTS

Rozgaar – Rozgaar Project | [GitHub](#)

Cooperative Gig-Services Platform

- Built a cooperative gig-services platform concept connecting consumers and workers through fair, location-aware matching. Includes AI-assisted workforce intelligence, supply-demand heatmaps, price negotiation, scheduling, simulated payments, evidence-based completion, reviews, disputes, notifications, and secure role-based access across Consumer, Worker, and Admin portals.

NGO Connect – [NGO_Connect](#) | [GitHub](#)

NGO Community Platform

- Developed a team-based full-stack platform connecting people with NGOs, supporting NGO discovery, volunteering, donations, and user-facing dashboards for applications and donation history.

Zombie Sandbox – [Zoombie Sandbox](#) | [GitHub](#)

Multiplayer Survival Game

- Collaborative multiplayer survival project combining real-time rooms, player decisions, WebSockets, and AI-assisted narrative experiences.

EDUCATION

- College:** B.Tech in Computer Science — Techno Main Salt Lake • 2nd Year
- School:** Hariyana Vidya Mandir

CERTIFICATION

- Python Programming** — Brainware Education

EXPERIENCE & INVOLVEMENT

- Participated in 15+ hackathons, contributing across frontend and backend development.
- Contribute to open-source projects on GitHub and work with different collaborators across projects.
- Experienced with version control, collaborative development, code review, and delivering under time constraints.

ACHIEVEMENT

- 3rd Place** — College Tech Fest

TECHNICAL SKILLS

Languages: Python, C, JavaScript

Frontend: HTML, CSS, JavaScript, Bootstrap

Backend: Flask, REST APIs

Databases: PostgreSQL, SQLite

Tools: GitHub, GitHub Desktop, Docker, Tkinter
